

Funding source	EU
Targeted countries	Georgia
Programme objectives	Better services for Georgian citizens: EU support for improved services in the frame of EaP Program
Programme description	The EU has disbursed a package of €8 million to Georgia, as part of its support to the country to meet specific provisions of the Association Agreement. The support will focus on improving services to citizens through expertise and technical assistance to increase the quality of service in parts of the public administration, and by contributing to the adoption of environmental legislation, in line with EU standards.
